heritage!

The organization's Mission is: To preserve our cultural treasure known as
the Great American Songbook, by presenting this music to the public at
home and abroad as Ambassadors of Song. Its goal is to build an organi-
zation to present singers singing this music for the next 100 years and be-
yond by creating a national institution dedicated to this body of work from
a singer's perspective. (This being the zenith of American songwriting).
Raising 25 million dollars will allow us to build an educational web site for
the composers, lyricists, and their bodies of work to download as educa-
tional materials for grade school to the university level. This will generate
an annual budget of at least 1 million dollars a year in perpetuity for this
purpose. It is a 501 C 3 charitable organization and donations are tax de-
ductible.
